Much more common is the use of a treble clef that is meant to be read one octave below the written pitch. Since many people are uncomfortable reading bass clef, someone writing music that is meant to sound in the region of the bass clef may decide to write it in the treble clef so that it is easy to read.

Recycling is an important way for individuals and businesses to reduce the waste they generate and reduce the negative impact of that waste. Because recycling is big business in Ohio, every time you recycle you support the many companies and employees doing this important work.

EPA Ohio Recycling Infographic

What is a Risk Assessment? Section 19 of the Safety, Health and Welfare at Work Act 2005 requires that employers and those who control workplaces to any extent must identify the hazards in the workplaces under their control and assess the risks to safety and health at work presented by these hazards.
