A flow diagram that will help pupils decide if they should use Pythagoras or Trigonometry.

### **Pythagoras or Trigonometry ??? by Maths\_geek\_1982**

In today's post I focus on ideas and resources for teaching trigonometry. A recent conversation with a student made me aware that I need to change my approach to teaching this topic. I'm sure you'll agree that this is a rather convoluted method. At some point (I suspect from a previous private tutor

In this section we will discuss reduction of order, the process used to derive the solution to the repeated roots case for homogeneous linear second order differential equations, in greater detail. This will be one of the few times in this chapter that non-constant coefficient differential equation will be looked at.
